

# Newspring™ Containers and Portion Cups

Top of the line in both performance and presentation **VERSA**tainer®, **DEL**tainer®, and **ellipso**® containers are the packaging solutions you need for customer satisfaction and operational excellence.

## Quality solutions, that meet your needs

### **Versatility**

Whether you need a quality takeout container for on-the-go entrées or a dynamite deli container for your market, Newspring packaging is offered in a variety of shapes, sizes, and colors for optimal operational versatility.

### **Premium performance**

These sturdy containers are made of heavy-gauge polypropylene. They hold up to your heartiest menu items and will not bend or break when stacked for delivery or display. Bonus for your end customers, Newspring containers are safe for top rack use in residential dishwashers.

### **Superior leak-resistance**

Newspring products have a tight-fitting perimeter seal that provides exceptional leak resistance, so you can store and transport foods with confidence.

### **High style**

Our stylish Newspring packaging presents food beautifully, and their clear lids allow for easy order identification. Choose from a selection of base colors to highlight your cuisine.

### **Excellent temperature endurance**

Ideal for a variety of food applications, both hot and cold, Newspring containers can be stored in the freezer, refrigerated or microwaved. Ensure the lid is loosened prior to microwaving to permit steam ventilation.

### Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
