earthchoice®
Better. To Go.

Paperboard
Tableware

Renewable & Sustainable

Made from domestically produced PFAS free paperboard that meets the Sustainable Forestry Initiative® (SFI®) Certified Sourcing Standard (SFI-01101). SFI marks are registered marks owned by the Sustainable Forestry Initiative Inc.

Commercially Compostable

BPI certified to be commercially compostable only. Facilities may not exist in your area. Not suitable for home composting.

Strong & Versatile

EarthChoice® paper plates are durable and resistant to grease and moisture, which makes them great for heavy and saucy foods.

Wide Temperature Tolerance

Perfect for both hot and cold foods, these plates are also microwave safe to reheat.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
