

## Newspring™ VERSAtainer® **Two Piece Containers**

These sturdy containers are made of heavy-gauge polypropylene that will hold up to your heartiest menu items and will not bend or break when stacked for delivery or display.

### **Recyclable**

White polypropylene containers are recyclable. Recycling products gives them a second life and helps keep them out of landfills.

### **Premium performance**

Ideal for a variety of food applications, both hot and cold, Newspring containers can be stored in the freezer, refrigerated or microwaved and are safe for top rack use in residential dishwashers.

### **Leak-resistant seal**

When combined the lids and bases offer a tight-fitting perimeter seal that provides exceptional leak resistance, so you can store and transport foods with confidence.

### **Great for delivery and takeout**

A perfect choice for saucy foods like pasta, stir-fry, enchiladas, and more!

# Newspring™ VERSAtainer® Two Piece Containers

## What temperature range is recommended?

Polypropylene (PP)

### Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
