

## RPET **Cold Cups and Lids**

These sturdy, attractive cups have a lower environmental impact than traditional plastic cups thanks to the use of post-consumer recycled material. They're perfect for serving icy cold beverages, on-the-go snacks, ice cream, or breakfast parfaits.

### **Made with 25% PCR PET**

This line is made with a minimum of 25% post-consumer recycled (PCR) material, reducing fossil fuel-based material usage and greenhouse gas emissions.

### **Recyclable**

Recycling products gives them a second life. Check locally: may not be recyclable in your area.

### **Crystal Clear**

They're strong and durable with a clarity that beautifully displays your signature beverages.

### **Take It To-Go**

A lid can be added to most size offerings so your drinks can be enjoyed on the go! Select from a variety of dome and flat lids to customize your creations.

# RPET Cold Cups and Lids

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
