

IN DEVELOPMENT!

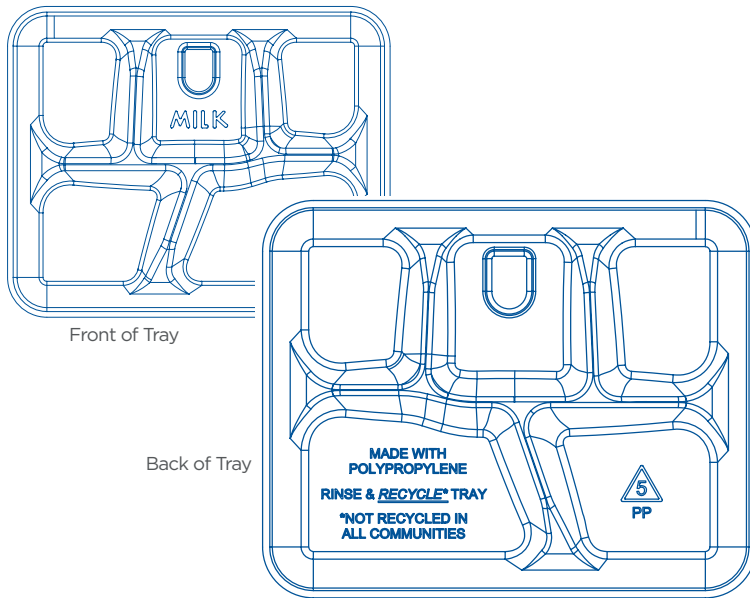

RECYCLEWARE®

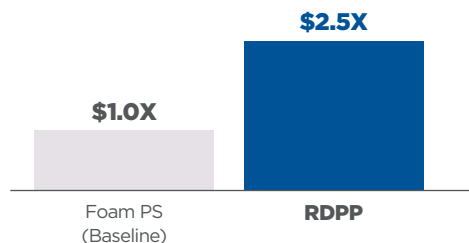

## Recyclable\* School and Carry Trays

Reduced-Density Polypropylene (RDPP)

The sustainable solution for cafeteria meal service.

### Cost Comparison Foam PS vs. RDPP

### Recyclable\*

Recognized by the Association of Plastic Recyclers (APR) as meeting the highest criteria in the APR Design® Guide for Plastics Recyclability

### Sturdy and Sanitary

Transport student meals safely and with minimal clean-up for busy cafeterias

### Versatile

Perfect for any cafeteria setting, including those in elder care facilities, hospitals and businesses

\*Check locally, may not be recyclable in your area
